

# OLD POTRERO

## TOASTED BARREL WHISKEY — 6 YEARS OLD

**This toasted barrel whiskey is made from 100% malted rye and aged in new, toasted, 24-month air-dried, handmade, extra-fine grain American White Oak barrels for a minimum of 6 years.**

In 18th-century traditional barrel making, the cooper heats the staves over a fire of oak chips, allowing them to be bent and formed into a barrel. During this process, the inside of the barrel becomes lightly toasted. Handmade oak barrels—tasted traditionally—impart a rich color and unique character to this rye whiskey.
